Good morning,

Please see Deal Town Council's recommendation below for the Street Trading Consent Grant for applicants Peter Fishlock & George Chittenden:

Deal Town Council object to this application as would cause obstruction to both pedestrians & cyclists, would change character of the promenade and would be a loss of public amenity space

Also, not in keeping with the area and feel it would set a precedent for others

Please forward the above comments to the relevant department for consideration

Kind regards

Kelly Lawrence
Planning Clerk & Finance Assistant

To whom it may concern

Over 10 days ago I wrote to the council about the need for far more bins opposite my house the mess is at best a disgrace at worst a health hazard ,but still I've had no reply. Hence when I have looked at the application for street trading all I can think of is more mess ,more bad parking to nip into the shop. We don't need this type of shop on the seafront we aren't Southend. One reason I bought my house was the non interrupted view of the sea this will be a blight and will cause all sorts of problems

Yours

Tim Murphy
