When the electoral variances in representation across a local authority become notable, an electoral review is required. The LGBCE criteria for initiating a review in those circumstances are as follows:

CRITERIA	Number of wards at variance	PCT% Wards at Imbalance	Notes
CRITERION 1: more than 30% (7) of a council's wards/divisions having an electoral imbalance of more than 10% from the average ratio for that authority; and/or	2	9.52%	Although only 2 wards meet the criterion, an additional 6 wards are electorally imbalanced by 5 - 9%
CRITERION 2: one or more wards/divisions with an electoral imbalance of more than 30%; and	1	4.76%	At -31.29% Town and Pier Ward fulfills this requirement. At the previous assessment in June 2014, the imbalance was -29.19%
CRITERION 3: that the imbalance is unlikely to be corrected by foreseeable changes to the electorate within a reasonable period.	n/a	n/a	n/a
