1. It is an offence to operate a vehicle for private hire unless a valid private hire vehicle licence is held by the owner of such vehicle and a licensed private hire vehicle may only be used as such when in the charge of and driven by a person holding a current private hire driver's licence.

## 2. ACCOMPANYING DOCUMENTS

The applicant is required to submit for examination:

- (a) a valid Certificate of Insurance for Hire and Reward
- (b) a valid Department of Transport Vehicle Test Certificate (not more than 14 days old) or a pre-delivery inspection report in lieu of MOT for new vehicles
- (c) a Vehicle Excise Act 1971 Registration Document

All vehicles shall also be presented to the Licensing Officer for additional inspection. Prior to submitting the vehicle for examination, proprietors shall ensure that the vehicle is in good condition, i.e. mechanically sound, bodywork satisfactory and the engine and full chassis steam cleaned.

## 3. VEHICLE TESTS

The Authority needs to be satisfied that licensed vehicles operating within its area are safe.

All hackney carriage and private hire vehicles shall be subject to the current MOT standard test at licence renewal. The vehicle must pass a further MOT test at 6 monthly intervals once the vehicle is over three years old. The Licensing Team Leader has delegated authority to require further, more frequent testing up to a maximum of 3 tests per year where concerns over safety standards have been identified.

Licensed vehicles that fail an inspection and/or MOT test and are deemed unsuitable for use as a passenger vehicle by the vehicle examiner or Licensing Officer, will result in the vehicle proprietor being issued with a suspension notice in order to prevent the vehicle being used to carry passengers until the defect(s) is/are remedied. Once the defects have been satisfactorily remedied then the proprietor may seek the lifting of the suspension notice by the Licensing Officer.

When a licensed vehicle sustains serious accident damage it shall be subjected to a further satisfactory MOT test prior to it being presented back into service.

## 4. VEHICLE EXAMINATION

Any authorised officer of the Council or any constable has the power at all reasonable times to inspect and test, for the purpose of ascertaining its fitness, any private hire vehicle licensed by a District Council, or any taximeter affixed to such a vehicle, and if he is not satisfied as to the fitness of the private hire vehicle or as to accuracy of its taximeter he may by notice in writing require the proprietor of a private hire vehicle to make it or its taximeter available for further inspection and testing at such reasonable time and place as may be specified in the notice and suspend the vehicle licence until such time as such authorised officer or constable is so satisfied.

## 5. TAXIMETERS

Private Hire Vehicles do not have to be fitted with a 'Taximeter' but if one is fitted it must be checked and, where possible, sealed by the Council prior to use.

Private Hire Vehicles that are fitted with Taximeters must also display a Tariff Card and provide a copy to the Licensing Authority for reference.

If at anytime after the grant of a licence a different type of tyre is fitted to the vehicle, and/or any alterations are carried out to the vehicle which might affect the reading on the face of the taximeter, and/or the seal of the taximeter is broken, whether accidentally or otherwise, the vehicle must be submitted for re-examination and/or sealing of the taximeter.

## 6. ACCIDENT DAMAGE

The proprietor of a private hire vehicle must report to the Council as soon as reasonably practicable, and in any case within 72 hours of the occurrence thereof, any accident to the vehicle causing damage materially affecting the safety, performance or appearance of the private hire vehicle or the comfort or convenience of persons carried therein.

## 7. DISPLAY OF PLATE

The proprietor of a private hire vehicle shall fix to the vehicle licence identification plates of size, colour, design and type supplied by the Authority.

The proprietor shall ensure that the licence identification plate is fixed to the front and rear exterior of the private hire vehicle in the vicinity of the bumper in such a position as the vehicle registration plate is not obscured, with the particulars thereon facing outwards and in such a manner and place that the licence is clearly visible by daylight from the highway. It shall be fixed on a platform kit as supplied by the Authority in such a manner as to be easily removed by an authorised officer or a police constable. The platform kit shall be fixed by bolts or screws or other similar means.
