It is Highway and nobody really uses it so I can't see a particular problem with them having some tables and chairs there but not the 12 they are proposing. They might need to scale it back a bit and fit it roughly into the area marked red below.

Steph

1. The first part of the document is a list of items that are available for purchase. The items are listed in a table with columns for the item name, the price, and the quantity. The items are: 1. Subject: proposed street furniture Le Pinardier

From: martin porter (

To:

Date:

As far as St.George's church is concerned we have no objection as to the proposed scheme, in fact we would see it as enhancing the entertainment in the town with outdoor tables and music i hear playing in the wine bar.

Martin porter (church manager St. George's church)

Dear Sir

Re: Street Furniture Consent - Le Pinardier
102 High St, Deal.

This application should be refused because:-

- 1/ The proposed location is adjacent to the garden of rest at St Georges Church and is not a suitable place for drinking.
- 2/ are the "Le Pinardier" customers supposed to cross a busy High St, carrying drinks whilst avoiding cars, buses, lorries, motorcyclist etc.
- 3/ will encourage loitering in the High St, and people drinking in the garden of rest, which already happens, on a daily basis.

Cont.

- 4/ The Garden of rest is used as an open air toilet.
- 5/ The proposed sight is too close to the highway, children could wander onto the road.
- 6/ The current regulations regarding drinking outside are not enforced.
- 7/ How many more booze bars does Deal need?
- 8/ When an accident occurs on the highway will everyone ask for the High St to be closed to traffic?
- 9/ This is an accident waiting to happen, please refuse this ridiculous application.

P.T.O

10/ Where would the tables & chairs be left at night?

"/ There are already many problems with people fighting and causing damage in the High St, this would just add to the problems.
