Question(s)

In accordance with Rule 11 of the Council Procedure Rules, notice was given by a member of the public to ask the following question:

- (1) Ms S Gleave will ask the Leader of the Council, Councillor K E Morris:
“Young people and their parents in Dover District are aware we have just 12 years to avoid catastrophic climate change by limiting global warming to below 1.5°C, Sir David Attenbrough and the IPCC report make this plain. By the time young Dovorians grow up it will be too late. It is worse than when KCC said some years ago “Climate change is likely to affect flood risk through sea level rise, more frequent and higher storm surges, increased winter rainfall, drier summers with periods of more intense summer rainfall’. Problems elsewhere will also come to Dover's shore line. As councils across Britain like Bristol, Hastings, Scarborough and Oxford step up to the plate, will Dover District Council commit to doing everything within the Council's power to make Dover district carbon neutral by 2030 and press the Government to provide the necessary powers and resources to make the 2030 target possible? ”

In accordance with Council Procedure Rule 11.8, a questioner who has put a question in person may also put one supplementary question without notice to the member who has replied to his or her original question. A supplementary question must arise directly out of the original question or the reply.
