Dear Owner/occupier,

Proposed Lorry Parking Prohibition, Dover

You'll be aware of the problems with lorries waiting in Branch Street to deliver to the Castleton and the Charlton Centres and those parking overnight on the single yellow lines. The problem is worsened when lorries choose park on the side of the road directly outside the terraced housing.

To help address the issue, one option is to introduce a lorry parking prohibition on the house-side of Branch Street. Please find enclosed a plan showing the extent of the proposed lorry parking prohibition.

To help me gauge the views of the residents, can you please indicate your preference for or against the prohibition by filling in and returning the enclosed questionnaire. Please return the form to the Council postal address detailed at the top of this letter (marked "FAO Dean Aldridge"), or alternatively, you can scan and return the form and/or reply via email to parking.operations@dover.gov.uk. Please include your name and address in any responses and ensure that they are received by me by **12 noon on Friday 3 May 2019**.

If the majority of responders support the scheme, then permission will be sought from the Councillors on the Dover Joint Transportation Board (JTB) to formally advertise the proposal. Conversely, if the majority of responders object, it is likely that proposal will be abandoned.

Assuming that the proposed scheme is generally supported and there are no major complications when it is formally advertised, it is hoped that the scheme could be introduced in late autumn.

I thank you in advance for sending me your preference.

Yours faithfully

A handwritten signature in black ink, appearing to read "Dean Aldridge".
