Brief Details of Item: (Please provide information about the contents of this item and the reason for decision.) In March 2020 the Council appointed SCJ Alliance to undertake a feasibility appraisal of constructing a cable car between Dover Town Centre and Dover Castle. The study included an assessment of need, route selection, route validation and preparation of a business case including revenue projections and estimates of capital and operational costs. The results will be presented to Cabinet and funding will be requested to develop the proposals further, such that sufficient detail is available for public engagement. Permission will also be requested to seek funding contributions from potential delivery partners.			
Deadline for Item: (Please indicate the date and whether this is statutory, operational or to meet the requirements of another agency.) An early decision by Dover District Council would assist in negotiations with potential delivery partners.
