Brief Details of Item: (Please provide information about the contents of this item and the reason for decision.) This is the first Infrastructure Funding Statement (IFS) to be published by the Council under legal requirements laid down in the Community Infrastructure Levy (CIL) regulations (as amended September 2019). This legislation provides guidance of what should be included in the financial statement and it is proposed that several spreadsheets will be made publicly available on the Council's website alongside this document to fully comply with statutory requirements. The published data will provide a full and open view of the Council's Section 106 funding including Section 106 funding that is being held prior to the start of the monitoring year. Publication of these data for the first time is likely to prompt interest from many different sources.			
Deadline for Item: (Please indicate the date and whether this is statutory, operational or to meet the requirements of another agency.) Legislation requires the statement to be published on the Council's website by 30 December 2020.
