| <b>Recommendation:</b> | <ol style="list-style-type: none"> <li>1. Cabinet approve the Fees and Charges (F&amp;Cs) for 2021/22 as set out in Appendices 2.1 to 2.14, and 5.1 and 5.3.<sup>1</sup></li> <li>2. Members agree that any F&amp;Cs will be adjusted by Strategic Directors, in consultation with the Portfolio Holders, to comply with any subsequently received government guidelines (when they are received) and any other minor changes without being the subject of a further report unless they are materially different from current charges, or have a material impact on the level of income.</li> <li>3. Members approve the general principle that fees are set at an appropriate inclusive level, irrespective of VAT status, and that the VAT element within the overall fee level is then determined.</li> <li>4. Members note the fees and charges approved separately by Licensing and Regulatory Committees set out in Appendices 3 and 4.</li> </ol> |

## 1. Summary

The Council's constitution specifies that F&Cs shall be reviewed annually. In order to meet this requirement the Strategic Directors have been asked to review the F&Cs within their areas of responsibility (see checklist of issues to consider – Appendix 1) and to produce recommended levels for 2021/22. The fees and charges are tabulated in the further Appendices for consideration and/or approval by Members.

## 2. Introduction and Background

- 2.1 The level of Member approval required is dependent upon the types of F&Cs raised. In order to obtain appropriate approval the following reports have been prepared:

---

<sup>1</sup> Appendices 5.1 & 5.2 have been reviewed & noted by the Planning Committee.

- Licensing Committee  
Report to the meeting on 21 October 2020 of all F&Cs to be set by the Licensing Committee.
  - Regulatory Committee  
Report to the meeting on 17 November 2020 of all F&Cs to be set by the Regulatory Committee.
  - Planning Committee  
Report (for information) to the meeting on 19 November 2020 of all F&Cs relevant to the Planning Committee.
  - Cabinet  
Report to the meeting on 11 January 2021 of all F&Cs, but seeking specific approval of those F&Cs set by Cabinet.
- 2.2 Members are reminded that a framework of broad guidelines to be considered in formulating proposals for F&Cs is in place. This includes a checklist which has been circulated to all Service Directors and to all officers considering F&Cs so that a rigorous and consistent approach is taken. A copy is attached at Appendix 1.
- 2.3 As in previous years, in order to assist Members, the data on F&Cs has been tabulated into a standard format that has been used for Appendices 2 to 5.
- 2.4 The main points to note are set out below.

#### Detail and Narrative

These give a brief summary of the type of service being provided.

#### Set by Government

This indicates whether a charge is statutory or not. If a charge is statutory then it is effectively set by Government and although formal Member approval is still sought, there is little or no scope to make changes.

#### 2020/21 Charge Inc VAT

The charge has been provided inclusive of VAT for two reasons. First, it shows what the customer will actually pay and is therefore more meaningful.

Second, charges for some services, car parking for example, which are not simply a direct recovery of costs, are set at a level, inclusive of VAT, having regard to relevant considerations including market level, where appropriate. The VAT is therefore a deduction from the amount of charge retained by DDC and is not a key factor in determining the appropriate charge. Members are asked to approve this approach.

#### 2021/22 Proposed Charge Inc VAT

This is the recommended charge for 2021/22 and the estimated income will, subject to Members' approval, be included in the 2021/22 budget.

#### 2021/22 Total Expected Income ex VAT

This gives a broad indication as to how much income DDC is expected to receive and has been included to provide Members with a sense of the relative importance of individual charges or group of similar charges. The more significant income streams (generating over £3k) have been highlighted in **bold** type.

In some cases, the level of use is very low, or infrequent, or the service has only recently been introduced and so no level of income has been included.

### Comments

This provides Members with a brief explanation for the change. In some instances guidance is still awaited from Government as to the basis upon which F&Cs should be set. In these cases it has not always been possible to confirm a fee level, Member's approval is sought to enable officers to adopt such fees at or close to government directed levels without a further report.

## **3. New Fees and Charges**

3.1 While most of the fees and charges remain consistent to prior years, the following new charges have been introduced in light of the Covid-19 pandemic impact on the growing demand for virtual services as well as maximising current income streams.

3.2 A School Online package per class has been introduced to digitise the Dover Museum School services for in-person leader workshops and talks (see Appendix 2; item 107)

3.3 For Waste Services; the bulk domestic waste collection fees have been revised with a new charging structure. Bulk domestic waste collection now charges for 3 items rather 5 items to be removed. Any bulk waste collection more than three items are now chargeable as part of the additional items bulk domestic waste collections fee (see Appendix 2; items 193 -197).

## **4. Other Fees and Charges**

The following F&Cs are not included in this report.

### **4.1 Housing Rents and Service Charges**

Housing rents are approved by the Strategic Director (Corporate Resources) under delegated authority. They are largely prescribed by government and the Council has no real scope to determine rent levels.

Service charges (for both tenants and long term lease holders) are determined through statutorily prescribed consultation processes and the recovery of all allowable costs. As a result the Council has no real scope to determine service charges.

### **4.2 Car Parking**

Car parking fees are the subject of specific reports from the Strategic Director (Operations and Commercial)

## **5. Identification of Options**

5.1 The recommended figures for consideration by Members are included in the Appendices. Members may approve these proposed figures.

5.2 Members may propose and approve alternative figures with reasons recorded for their decisions.

5.3 Those fees already approved by Licensing and Regulatory Committees are for information only.

## **6. Evaluation of Options**

6.1 The recommended fees and charges take into account the need to maximise income at a time of challenging budget positions, while taking into account comparable charges at neighbouring authorities and what the market can bear.

6.2 Members should also take into account the checklist of issues to consider (at Appendix 1) when reviewing the fees and charges included in the subsequent Appendices

7. **Resource Implications**

See Appendices.

8. **Climate Change and Environmental Implications**

- 7.1 Fees and Charges do not have any direct climate change and environmental implications.

9. **Corporate Implications**

- 9.1 Comment from the Strategic Director (Corporate Resources), linked to the MTFP: Finance have been involved in the production of this report and have nothing further to add. (JS)
- 9.2 Comment from the Solicitor to the Council: The Head of Governance had been consulted during the preparation of this report and has no further comment to make.
- 9.3 Comment from the Equalities Officer: This report does not specifically highlight any equality implications, however in discharging their duties members are required to comply with the public sector equality duty as set out in Section 149 of the Equality Act 2010 <http://www.legislation.gov.uk/ukpga/2010/15/section/149>
