<p>Brief Details of Item: (Please provide information about the contents of this item and the reason for decision.)</p> <p>In February 2020, the Council agreed that the project to construct a new build wetside and health fitness leisure centre (retaining the sports hall and tennis centre) on the existing site at Tides Leisure Centre be further developed. In March 2020, the Covid-19 global pandemic forced the closure of all leisure centres and the country went into a national lockdown. The Tides Leisure Centre project was put on hold as the Council navigated through the pandemic and the impact was better understood. Following three national lockdowns, leisure centres have since remained open from April 2021 and the sector is slowly recovering. The Council has recently re-commissioned consultants to reset and review a range of future options and costs regarding the proposed refurbishment and extension of Tides Leisure Centre that takes account of the pandemic. Simultaneously, the Council is also updating the district's Indoor Sport Facility Strategy which will assess supply and demand of indoor provision to help determine the need for wet and dryside improvements, including pool water space, fitness and aerobic provision. It has been requested by Members that this forthcoming report helps to inform Cabinet about the future of Tides Leisure Centre and a decision is required to decide whether the project should progress to the next phase and develop detailed design and procurement plans for the potential delivery.</p>			

Deadline for Item:

(Please indicate the date and whether this is statutory, operational or to meet the requirements of another agency.)

A decision is required to inform future investment levels at Tides Leisure Centre. The wetside is reaching its end of life, the health and fitness offer is poor and Members are asked to consider an up-to-date review of all options, to decide whether the project should progress to the next phase of development and potential delivery.
