<p>Brief Details of Item: (Please provide information about the contents of this item and the reason for decision.)</p> <p>Aylesham has been subject to substantial development over the past few years as part of the ongoing Village Garden Development, creating over 1300 new homes with extensive open space and designated areas for sport and play. A vast amount of new public realm open space has been created which is continually transferring from the developer’s maintenance liability period to the Council which then becomes responsible for ongoing routine maintenance.</p> <p>This has placed greater demand on the Council’s in-house service which requires additional resources in terms of grounds maintenance staff and equipment to accommodate the maintenance requirements arising from this increase in open space, sports and play provision. Cabinet approval is sought for the release of Section 106 monies obtained by the Council for the purpose of employing and procuring the additional resources required to deliver this frontline service.</p>
