Brief Details of Item: (Please provide information about the contents of this item and the reason for decision.) The Council entered into an agreement with Persimmon and Barratts for development at Aylesham in April 2007. Since that time 1,002 houses have been constructed and strategic infrastructure including construction and environmental improvements to Ratling Road has been delivered. The last major report to Cabinet was considered in July 2019, therefore it is timely to provide an update about the project. The Council's Development Partners have requested the Council to approve a revised programme following delays caused by Natural England's objections to the most recent reserved matters applications. In addition, the Council has received an offer to purchase two plots of land within the development boundary.			
Deadline for Item: (Please indicate the date and whether this is statutory, operational or to meet the requirements of another agency.) A timely response to approve a new programme will allow construction of housing to recommence as soon as possible, and the third-party land-owners are pressing for a decision regarding the land offers.
