Good Afternoon

Further to our telephone conversation regarding our next committee meeting.

I write to request the committee to consider licensing 3 smart for two coupes.

The 3 we are looking to license are identical to the 2 we already have.

They will be 1.0 litre engines.

less than 5 years old with less than 30,000 miles on the clock.

They are very clean, tidy cars and would match our existing image.

I understand we have an operators licence for 3 cars, but we are due our planning decision any day on our new office.

Once this decision is through, we will be looking to change our operators address and move premises allowing more cars.

any problems please give me a call.

Kind Regards

Dean Saunders
