

Members' Allowance Scheme 2023/24

The recommendation of the East Kent Joint Independent Remuneration Panel for Dover District Council's Members Allowance Scheme is as follows:

That the Panel, recognising the pressures on local authorities, would support a decision ranging from not increasing the current allowances set out in the Members' Allowances Scheme through to any increase in the allowances up to but not exceeding the levels recommended in its last full Review, as set out in Appendix 2 of the report.
