1. Summary

- 1.1 The Quarter Four 2023/24 Strategic Performance Dashboard, detailed at Appendix 1, covers the period January to March 2024. It aims to provide staff, members, and residents with an overview of how the Council, and East Kent Services, are performing against several key performance indicators (KPIs). It incorporates comments from Heads of Service on their service area's performance and an overall summary of performance during the quarter.
- 1.2 Should members wish to receive more detail regarding any of the KPIs, we ask they contact Leadership Support (contact details at the end of this report) in advance of the committee meeting so that the relevant Heads of Service can provide a full briefing.

2. Introduction and Background

- 2.1 Effective performance management supports the delivery of the Council's aims and objectives.
- 2.2 We are currently reviewing our whole Performance Management Framework (PMF) to introduce new strategic and operational performance indicators. Any changes to the PMF will be brought to Cabinet for approval. The Council's PMF sets out the overall high-level approach that we will take in managing our performance. The aim of the PMF is to provide a basis for consistency in the way that we manage performance and connect across the Council – a 'one council' approach which will encourage members, officers, and partners to work together to deliver priorities. The PMF will be closely aligned to our new [Corporate Plan](#) (approved by Full Council on 29th November 2023) and Risk Management Framework. We will continue with the existing Strategic Performance Dashboard until the new Performance Management Framework has been adopted.

2.3 The Strategic Performance Dashboard includes a section to show performance within East Kent Services Partnership (EK Services) against key indicators. We monitor a more comprehensive set of indicators for EK Services, including Civica, through the monitoring structures established by the Agreements under which those services are delivered. Any areas of significant concern are capable of escalation into this quarterly monitoring report, if required.

2.4 With regards performance reported, overall, this is relatively steady. Specific areas of note are highlighted in the introduction section of the Strategic Performance Dashboard.
